PYRENESS SHIRE COUNCIL – MINUTES OF THE MEETING MARCH 2013

STOP THESE THINGS – FOR THE SAKE OF OUR COMMUNITY

Dear Ms Milne

If re-elected what will you and your party do about the plight of the Australian Wind Farm Refugees and those who are profoundly noise affected by industrial wind turbine developments?

Will you and your party support a thorough investigation into Renewable Energy Certificate Fraud, which will one day be shown to be one of the largest frauds on the Commonwealth with \$80 Million alone just at the Waubra Industrial Wind Turbine Development?

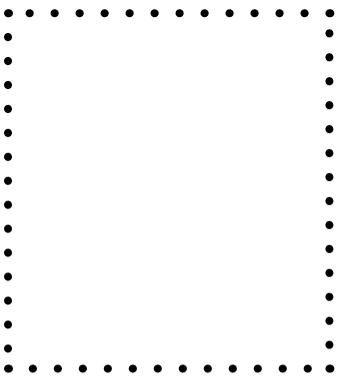

It’s time the lies stopped!

“The Greens are the party that you can trust to put CARE back into the HEART of the NATION’S GOVERNANCE”

Really Ms Milne!
